

△ T. 27 N., R. 29 E.

Pursuant to the advices of a letter dated June 5-1899- from H. B. P. Hollyday Examiner of Surveys- who had been detailed by the U. S. G. L. O. to Examine my Contract No. 215, in Nevada, - I went upon the ground with proper assistants on Oct 29 - 1899 and retraced West along the South boundary of Tp. 27 N., R 29 E. Beginning at the S. E. Tp. Cor and found the errors to exist, as reported by Examiner Hollyday - my line being practically the same as his, relative to the position of the corners as set upon the ground in my original survey.

The S. W. Cor of Sec. 36 I moved 50 Lps south to my line and thence retraced N<sup>o</sup> 1<sup>o</sup> W. between Sec 35 + 36
