

A.

207

At the closing of cor. T30N
Rangro. 45 and 46 E. are
re-surveyed and previously
described by me. At 7 o'clock
A.M. Aug. 31, 1901 I set off $40^{\circ}31'$
on lat arc. $17^{\circ}6'N$ on bee
arc and with solar
determine the true mer.

Thence I run south on
a random line Bet
secs 1 and 6. Over nearly
level land. and at

40.00 Can find no trace of old
cor. and at

79.85 The old cor of secs 6-7-1 and
12 bears E 4 lks dist. I

continue line south
from old cor and at

40.00 I can find no trace of
 $\frac{1}{4}$ sec cor. I therefore
resurvey as follows
