

Survey of Extensions of T. 37 N. R. 60 E.

Lehman

July 7<sup>th</sup>, 1903.

At the  $\frac{1}{4}$   $\frac{1}{4}$  cor. on S. bdy. of sec. 35 mentioned in my notes on Resurveys, I set up transit and set off  $41^{\circ} 1'$  on latitude arc and  $22^{\circ} 41'$  on declination arc and at 7<sup>h</sup>. 40 m. L. M. T. determined a true meridian with a solar.

Thence I run due E.
