

Resurvey of E. Bely. T. 32 N R. 51 E.

7th 15^m a.m. is N. $17^{\circ} 40' W$ the angle thus determined reduced by the table, page 100, gives the mean mag. decl. $17^{\circ} 34' E$

I begin at the corner of Tps. 32 and 33 N. R. 51 and 52 E. and retrace the East boundary of T. 32 N., R. 51 E.

At 480 chs. 45 lrs. I find corner to T. 32 N. R. 51 E.

Continuing S. on this line, at 499 chs. 45 lrs. intersect old line of corners of the N. line of T. 31 N., R. 51 E., at a distance ^{15 chs. 90 chs.} ~~45 chs.~~ 70 lrs. E. of corner to secs. 1 and 2. therefore, all the corners on the East boundary of T. 32 N., R. 51 E., are defective in position, therefore, I find it necessary to resurvey this line and accordingly begin.

June 6: I start at corner of Tps. 32 and 33 N., Rs. 51 and 52 E.

I find corner stake badly
