

Subdivisions of T.31.N. R.46.E.

Chrs.

July 1st 1903

I went to the cor. of sec's. 13 and 24 on the east boundary of T.31.N. R.46.E. and set off $40^{\circ} 32'$ on the latitude arc and $23^{\circ} 11'$ on the declination arc and at 8^h 32^m P.M.T. determine a true meridian with the solar.

Thence I run N. $89^{\circ} 59'$ W. bet. sec's. 13 and 24

89.60 Old $\frac{1}{4}$ sec. cor. lies 12 links S.

80.20 Cor lies 4 links S.

From the old cor. I run on true line N. $89^{\circ} 59'$ E. between sec's. 13 and 24

40.10 Old $\frac{1}{4}$ sec cor. lies 50 links E. and 10 links S.

This I destroy and set a granite stone $12 \times 8 \times 6$ ins. 8 ins. in ground marked $\frac{1}{4}$ on N. face for $\frac{1}{4}$ sec. cor. to sec's. 13 and 24.

80.20 Close on cor to sec's. 13 and 24
 found ~~80.20~~ monuments ^{- 80.20 Chrs}
