

Resurvey E. bdy of T. 42 N. R. 52 E.

Chains.

July 12 1903, at 6^h 30^m A.M. l.m.t.
at cor. of Tps. 41 and 42 N. R. 52 E. as
reset by me I set off 22' 07" on decl. arc.
and 41' 29" N. on lat. arc. and by the solar
determine a true meridian, thence I
retrace the E. bdy of T. 42 N. R. 52 E. N.
on a flank line and at

40.31

find remains of old stone $\frac{1}{4}$ sec. cor.
bet. secs. 31 and 36 and at

80.31

remains of old stone mound which was
doubtless old cor. of secs 25, 30, 31
and 36.

Thence I retrace N. between secs. 25
and 30 and at

40.00

find remains of old $\frac{1}{4}$ sec. cor. of
stone firmly set in a stone mound
as described by the surveyor general, at

95.00

find old cor. of secs 19, 24, 25 and 30.
which was a stone set and marked
as described by surv. general.

Thence I run north bet. secs. 19 and
24 and at

40.00

find no traces of $\frac{1}{4}$ sec. cor. and at

79.40

find ^{remains of} what is doubtless old cor. of
secs. 13, 18, 24 and 19

Thence I run, N. bet. sec. 13 and 18 at

40.00

find no traces of $\frac{1}{4}$ sec. cor. at
