

## Resurvey E. Bdy. T. 27 N. R. 28 E.

Chain July 24, 1905 at 8<sup>h</sup> 05<sup>m</sup> A. M.  
 l. mkt. I set off  $40^{\circ} 11'$  N. on  
 lat. arc. 1955.7' N. on decl.  
 arc. and determine the  
 true meridian with solar at  
 cor. Sp. 27 N. R. 28 and 29<sup>E</sup> as heretofore  
 described.

I retrace the subdivisions of T. 27  
 N. R. 29 E. for 1 mile E and N. and  
 find that this is the cor. from <sup>which</sup> T. 17  
 N. R. 29 E. was subdivided.

Thence I run N. on a thank  
 line to locate the cor. on T.  
 ldy. T. 27 N. R. 29 E.

- ✓ 39.54 Intersect  $\frac{1}{4}$  sec. cor. bet. secs 31 and 36  
 as described by notes of Surveyor General.
- ✓ 79.65 Intersect cor. secs. 26-30-31 and 36 as  
 described by notes of Surveyor General.
- ✓ 119.65 Intersect  $\frac{1}{4}$  sec. cor. bet. secs. 25 and 30.  
 A stone 6x6x6 ins. above ground.
- ✓ 160.07 Cor. secs. 19-24-25 and 30 bears E.  
 21 lbs.  
 A white lava stone 12 ins. above  
 ground mkt. and witnessed as  
 described by notes of Surveyor General.
- ✓ 202.25  $\frac{1}{4}$  sec. cor. bet. secs 19 and 24 bears E.  
 78 lbs. a stone 4x4x10 ins above  
 ground mkt. and witnessed
