

Survey of Sec. 7 T. 16 N. R. 23 E.

Survey commenced Dec. 20, 1905 and executed with a new Lietz Transit, with Solar attachment, graduated to 20" on the verniers.

The instrument was examined and tested at Reno Nevada, Dec. 19, 1905 and found to be in proper adjustment.

Diligent search failed to locate the cor. of Twp. 16 and 17 N. Rgs. 22 and 23 E. I

finally located the $\frac{1}{4}$ sec. cor. between secs. 31 and 36 T. 17 N. Rgs. 22 and 23 E. Dec. 20, 1905

Dec. 21, 1905 I commence at the $\frac{1}{4}$ sec. cor. bet. secs. 31 and 36, a basalt stone in a mound of stone marked $\frac{1}{4}$ on W. face Thence I run,
