

Resurvey of Subdivisions of T. 14 N. R. 41 E.

Chains

May, 21st. 1909.

From the cor. of secs. 1, 2, 35, and 36 on the N. tp. bdy. already described, I retrace the old subdivision work as follows; I retrace the line between secs. 1 and 2 and find that it bears N 0° 35' E. 79.60 chains in length.

The E. $\frac{1}{2}$ of the line between secs. 2 and 11 bears N. 89° W. 40.60 chains, The W. $\frac{1}{2}$ of the line bet. 2 and 11 bears N. 89° W. and is 39.15 chains long.

The line bet. secs. 10 and 11, bears N. 0° 31' E. 79.15 chs.

The line bet. secs. 14 and 15, bears N. 0° 32' E. 79.25 chs.

The line bet. secs. 22 and 23, bears N. 0° 40' E. 78.70 chs.

The line bet. secs. 26 and 27, bears N 0° 37' E. 82.36 chs.

The line bet. secs. 34 and 35, bears, N 0° 37' E 81.26 chs.

Most of the $\frac{1}{4}$ cors. on this line were either obliterated or out of line, only traces of sec. cors being found, for positive identification.

The W. $\frac{1}{2}$ of the line bet. secs. 11 and 14 bears N. 89° W. and is 39.65 chs. in length.

The N. $\frac{1}{2}$ of the line bet. secs. 11 and 12 bears S. 0° 35' West and is 39.35 chains in length.

I was unable to find the $\frac{1}{4}$ sec. cor. bet. secs 1 & 12 after a careful search.

Thence I return to the cor. of secs. 34, 35, 2, 3, on the S. bdy., which is a granite stone 14x10x8 ins. set 10 ins. in the ground, marked with 4 notches on the W. and 2 notches on the E. edge, and rebuild mound of stone 2 ft. base 1 $\frac{1}{2}$ ft. high W. of Cor. Whence, a pinon, 6 ins. in dia. bears S. 15° E. 180 lks. dist. marked T. 13 N. R. 41 E. S 2, B.T.

Thence, I run N. 0° 37' E. bet. secs. 34 and 35.

25.57 Ravine, course, N.W.

35.62 Ridge, bears N.W. and S.E.

40.00 Set a granite stone 20x6x6 ins. 15 ins. in the ground, for $\frac{1}{4}$ sec. cor. to sec. 35, marked $\frac{1}{4}$ on W. face and raise a mound of stone 2 ft. base 1 $\frac{1}{2}$ ft. high W. of cor. Pits impracticable. Whence,
