

~~W. 33~~
Resurvey of Boundary of T. 28 N. R. 50 E.

Chains

From the evidence found in closing against the range line bet. R's 50 and 51, I find it will be necessary to retrace the S. bdy of T. 29 N. R. 50 E., also the E. bdy of T. 28 N. R. 49 E. As the E. bdy of T. 28 N. is only 401.70 chs. in length, it will not be necessary to retrace the E. bdy of sec. 36 of T. 28 N. R. 49 E.

Therefore I retrace N. on the E. bdy. of T. 28 N. R. 49 E., from the cor. of secs 25 and 36, 30 and 31, and find,

The S $\frac{1}{2}$ of the E bdy. of sec. 25, bears N.00 54' W., and is 40.00, chs. in length.

The N. $\frac{1}{2}$ of the E. bdy. of sec. 25, bears N. 10 36' W. and is 40.73 chs. in length.

The S. $\frac{1}{2}$ of the E. bdy. of sec. 24, bears N.00 13' E. and is 40.34 chs. in length.

The N. $\frac{1}{2}$ of the E. bdy. of sec. 24,, bears N.00 11' E. and is 40.80 chs in length.

The S. $\frac{1}{2}$ of the E. bdy of sec. 13 bears, N.00 6' E. and is 40.20 chs. in length.

The N. $\frac{1}{2}$ of the E. bdy. of sec 13, bears N00 9' E. and is 40.20 chs. in length.

The S $\frac{1}{2}$ of the E. bdy. of sec. 12, bears N00 4' E. and is 40.52 chs. in length.

The N. $\frac{1}{2}$ of the E. bdy. of sec. 12, bears N.00 7' E. and is 40.62 chs. in length.

The S $\frac{1}{2}$ of the E. bdy. of sec. 1, bears North, and is 40.05 chs in length.

The N. $\frac{1}{2}$ of the E. bdy. of sec. 1, bears North and is 40.00, chs. in length.

I retrace the S. bdy of T. 29 N. R. 50 E. with the following result:

The W $\frac{1}{2}$ of the line bet. ~~secs~~ secs. 31 and 6, bears N.89o 54' W. and is 38.31 chs. in length.

The E $\frac{1}{2}$ of the line bet. secs. 31 and 6, bears E. and is 40.00 chs. in length.
