chains

The closing tp. cor. of Tps. 32 and 33 N.; R. 42 E is a redwood post, 3x4 ins. by 2 ft. above ground. Firmly set in the ground in a mound of earth and marked with 6 grooves on the N., E., and S. faces; and C.C. on the E. face. From the cor. of Tps. 32 and 33 N.; R 41 E. it bears N 77.7 E, 3.88 chs.

Thence from the closing tp. cor. of Tps. 32 and 33 N, R 42 E, I run east on a blank line, retracing the N. bdy. of T 32 N, R 42 E.

at 32.67 chs. I find the $\frac{1}{4}$ sec. cor. falling 19 links N. of my line.

It is a redwood post, 3x3 ins. by 15 ins. above ground, firmly set in the ground in a mound of earth and marked $\frac{1}{4}$ on the N. face. at 73.05 chs. I find the cor. of secs. 5, 6, 31 and 32; falling 12 links N. of my line. It is a redwood post 3x3 ins. by 18 ins. above ground, firmly set in the ground in a mound of earth. The markings are so nearly obliterated as to be undecipherable.

I continue my blank line east, at 40 chs. I search diligently but find no $\frac{1}{4}$ sec. cor.

at 80.74 chs. I find the cor. of secs. 4, 5, 32 and 33 falling 6 links N. of my line. It is a redwood post, 3x3 ins. by 16 ins. above ground, firmly set in the ground in a mound of earth and marked with 4 notches on E. and 2 notches on W. edge.

I continue my blank line east, at 40 chs. I search diligently but find no $\frac{1}{4}$ sec. cor.

At 80.90 chs. I find the cor. of secs. 3, 4, 33 and 34 falling 16 links S. of my
