

RETRACEMENT OF THE SOUTH BOUNDARY T.23N., R.26 E.

Chains

Descend into deep gulch.

40.62 Bottom deep gulch, course S.; ascend.

80.18 Cor. of secs. 5,6,31 and 32, a black igneous stone, 20x14x  
10 ins. above ground mkd. with 5 notches on the E. and  
1 notch on the W. edges, bears S. 21 lks.  
Course, S89°57'W.

Land very rough, high and steep mountains.

Soil rocky.

No timber; desert brush scattering.

Mountainous land 80.00 chs.

Thence, I continue to retrace West along the same line  
bet. secs. 6 and 31.; ascend very steep.

13.47 Top of highest ridge, bears N. and S., 2000 ft. above  
flat.; descend steep.

39.76 A black igneous stone, 12x8x8 ins. in a mound of stone, mkd.  
mkd. 4 on the N. face, bears S. 10 lks./Course, N89°51'W.

55.00 Bottom of main gulch, course, N.; ascend steep.

78.36 Cor. of Tps. 22 and 23 N., Rs. 25 and 26 E., a black ig-  
neous stone, 30x24x12 ins. in a mound of stone, mkd.  
6 notches and T23N on north; 6 notches and R26E on the  
east; 6 notches and R25E on the west and 6 notches on  
the south faces, bears S. 11 lks. Top of ridge, course  
N. and S., bears West 2 chs., 1200 ft. above the bottom  
of the gulch.) Course, S89°59'W.

Land very steep high mountains.

Soil rocky.

No timber; desert brush scattering.

Mountainous land, 80.00 chs.

September 6, 1911.

GENERAL DESCRIPTION.

The eastern 4 miles of this line runs over a nearly lev-  
el flat, with a drainage toward the south. The western  
2 miles rises abruptly from the valley 2000 ft., con-  
sisting of high steep mountains.
