

Recovery of the South Boundary of T. 33 N., R. 30 E.

Sept. 1, 1912: At 8^h 00^m a. m. l. m. t.,
I set off 40° 40' N. on the lat. arc;
8° 17½' N. on the decl. arc, and determine
a true meridian with the solar, at
the temp. cor. of Ts. 32 and 33 N., Rs.
29 and 30 E., above mentioned.

Thence I retrace
E. on the S. bdy. of sec. 31.

40.00 After diligent search, I fail to find
any trace of old ¼ sec. cor.

80.00 After diligent search, I fail to find any
trace of old cor. for secs. 5, 6, 31 and 32.

Thence I continue retracement along same line,
E. on S. bdy. of sec. 32.

57.09 Old ¼ sec. cor. bears S. 12 lks.; a granite
stone, 4x3x2 ins., marked and witnessed as
described by surveyor general.

98.11 Old cor. for secs. 4, 5, 32, and 33, bears S.
21 lks.; a schist stone, 10x4x2 ins., marked
and witnessed as described by surveyor
general.
Course of last ½ mile is S. 89° 52' E.

Thence I continue retracement along same line,
E. on S. bdy. of sec. 33.

40.00 After diligent search, I fail to find any
trace of old ¼ sec. cor.

81.62 Old cor. for secs. 3, 4, 33 and 34, bears S. 40 lks.;
a schist stone, 12x9x3 ins., marked and witnessed
as described by the surveyor general.
Course of last mile is S. 89° 52' E.

Thence I continue retracement along same line,
E. on S. bdy. of sec. 34.

40.00 After diligent search, I fail to find any
trace of old ¼ sec. cor.

82.00 Old cor. for secs. 2, 3, 34, and 35, bears S.
205 lks.; a granite stone, 15x12x8 ins., marked
and witnessed as described by the surveyor
