RESURVEY OF THE NORTH BOUNDARY OF T. 32 N., R. 31 E.

1

	Chains	through junipers.
		N.89°31'W. on N. bdy. of sec. 6. Descend.
	27.33	Intersect the closing cor. of T 32 N., Rs. 30 and 31 E.,
		heretofore described.
		September 28, 1912.
		RESURVEY OF THE EAST BOUNDARY OF T. 32 N., R. 31 E.
		Sept. 25, 1912: At 8h. 30m. a.m., 1.m.t., I set off 40°
		40'N. on the lat arc; $0^{\circ}51\frac{1}{2}$ 'S. on the decl. arc;
		and determine a meridian with the solar at the cor.
		of Ts. 32 and 33 N., Rs. 31 and 32 E., heretofore
		described; thence, I retrace
		South, on a blank line on W. bdy. sec. 6 T. 32 N., R 32
		E.
	40.00	After diligent search as hereinbefore stated, I find no
		trace of old $\frac{1}{4}$ sec. cor.
	81.86	A juniper stake, hereinbefore described, for old cor.
		of secs. 1, 6, 7 and 12, bears E. 9 1ks.
		The course of mile is therefore S.0°04'E.
		Thence, I continue same retracement line
		South, on W. bdy. sec. 7
	40.00	After diligent search, I find no trace of old $\frac{1}{4}$ sec. cor.
	79.70	A juniper stake, 22 ins. long, 1 in. square, lying along-
		side a mound of earth with pits, marked and witnessed
1		as described by the surveyor general, bears W. 63
		lks. I dentifying this mound of earth and pits as
		the original position of the cor. of secs. 7, 12,
		13 and 18, the course of this mile is therefore
		S0°31'W.
		Thence, I continue same retracement line
		South, on W. bdy. sec. 18.
	40.34	A juniper stake, 18 ins. long, 1 in. square, lying along-
		side a mound of earth with pits, marked and witness-
		ed as described by the surveyor general, bears W.
		49 lks. Identifying this mound of earth and pits
