

18. Resurvey of the E. Bdy. of T.42 N., R.61 E.

Chs

I build a mound of stone 2 ft. base, $1\frac{1}{2}$ ft. high on the E. of this cor., thus making it refer to secs. 6 and 7 of T. 42 N., R. 62 E., hereafter.

I now change my bearing and run N.0°05'W. on a true line, the course of the line determined by previous retracement.

80.00 Set an iron post 3 ft. long, 3 ins. in dia., 24 ins. in the ground for the cor. of secs. 1 and 12, with brass cap mkd:

and raise a mound of stone 2 ft. base, $1\frac{1}{2}$ ft. high, W. of cor.

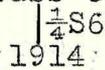

Land, rolling and mountainous.
Soil, deep rich black loam in bottom of draws, on ridges rich clay loam, stony and rocky with rocky subsoil. Undergrowth, sage and service brush, good growth of grass, dense willows and quaking aspen in many places, along draws and ravines.
Timber quaking aspen.

From the cor. of secs. 1 and 12, I run N.0°05'W. on the E. Bdy. of sec. 1, the course and distance of this $\frac{1}{2}$ mile determined by previous retracement. Over rolling land; descend.

11.80 Creek and stream of water, 9 lks. wide, 6 ins. deep, with marsh ground on both sides of the creek, 195 ft. below the cor. of secs. 6 and 7, course S.70°E.; ascend.

21.50 Top of spur, 60 ft. above bottom of creek, bears E. and W.; descend.

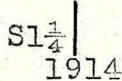

29.51 The old $\frac{1}{4}$ sec. cor. of secs. 1 and 6, heretofore described. I destroy the old $\frac{1}{4}$ cor. and reestablish a $\frac{1}{4}$ sec. cor. for sec. 6, only, at the same point, as follows:
Set an iron post 3 ft. long, 1 in. in dia., 26 ins. in the ground with brass cap mkd:

and raise a mound of stone 2 ft. base, $1\frac{1}{2}$ ft. high, E. of cor.

I now change my bearing and run N.3°24'W. on a true line on the E. Bdy. of sec. 1, the course and distance of this $\frac{1}{2}$ mile having been determined by previous retracement.

40.00 Set an iron post 3 ft. long, 1 in. in dia., 26 ins. in the ground for the $\frac{1}{4}$ sec. cor. of sec. 1 only, with brass cap mkd:

from which:

A quaking aspen 4 ins. in dia. bears S.3°00'W., 8 lks. dist., mkd. $\frac{1}{4}$ S1BT.

44.45 Enter swamp, dense willows and quaking aspen, 5 ft. below the $\frac{1}{4}$ sec. cor. of sec. 6.

53.50 Leave swamp, willows and quaking aspen; ascend.

54.50 Top of ridge, 8 ft. above swamp, bears NE. and SW., descend.

70.91 The cor. of Tps. 42 and 43 N., Rs. 61 and 62 E., heretofore described. I destroy all traces of the old Tp. cor., and reestablish the corner at the same point as follows:

Set an iron post 3 ft. long, 3 ins. in dia., 24 ins. in the ground with brass cap mkd:
