

8. Resurvey of fractional W. Bdy. T. 31 N., R. 48 E.

Chains

quality, fine texture loam, several feet in depth;
1st rate. E. 10.65 chs. is hay land. W. 69.55 chs. has
good growth sagebrush, little grass, no timber.
Nov. 13, 1914.

RESURVEY OF FRACTIONAL W.BDY. T. 31 N., R. 48 EAST

Nov. 16, 1914.

At the standard cor. of Tps. 31 N., Rgs. 47 and 48 E.,
at 9h. a.m., l.m.t., I set off $40^{\circ} 30' N.$ on the lat. arc,
 $18^{\circ} 37' S.$ on the decl. arc and determine a meridian with
the solar.

Thence I retrace

N. bet. secs. 31 and 36, on the W. bdy. of the tp.

40.07 Find the $\frac{1}{4}$ sec. cor. falling 28 lks. W. of my line.

It is a volcanic stone $15 \times 12 \times 6$ ins., set in a mound of
stone and marked $\frac{1}{4}$ on the W. face.

80.36 I find the cor. of secs. 25, 30, 31 and 36 falling 56 lks.
W. of my line.

It is a volcanic stone, $15 \times 10 \times 8$ ins. Set in a mound of
stone and marked with 5 notches on the N. and 1 notch on
the S. edge.

Course of this mile is $N. 0^{\circ} 24' W.$

From the cor. of secs. 25, 30, 31 and 36

I retrace

N. bet. secs. 25 and 30, on the W. bdy. of the tp.

39.78 I find the $\frac{1}{4}$ sec. cor. falling 25 lks. W. of my line

It is a volcanic stone $16 \times 11 \times 8$ ins. set in a mound of
stone and marked $\frac{1}{4}$ on the W. face.

Course of this $\frac{1}{2}$ mile is $N. 0^{\circ} 21' W.$

79.93 I find the cor. of secs. 19, 24, 25 and 30; falling 86
lks. W. of my line.

It is a volcanic stone $18 \times 12 \times 9$ ins. set in a mound of
stone and marked with 2 notches on the S. and 4 notches
on the N. edge.

Course of this $\frac{1}{2}$ mile is $N. 0^{\circ} 52' W.$

From the cor. of secs. 19, 24, 25 and 30

I retrace

N. bet. secs. 19 and 24, on the W. bdy. of the tp.

40.02 Intersect the $\frac{1}{4}$ sec. cor.

It is a volcanic stone $14 \times 12 \times 10$ ins. set in a mound of
stone and marked $\frac{1}{4}$ on the W. face.

Course of this $\frac{1}{2}$ mile is N.

80.27 I find the cor. of secs. 13, 18, 19 and 24; falling 32
lks. W. of my line.

It is a volcanic stone $16 \times 10 \times 8$ ins. set in a mound of
stone and marked, with 3 notches on the N. and S. edges.

Course of this $\frac{1}{2}$ mile is $N. 0^{\circ} 27' W.$

From the standard cor. of Tps. 31 N., Rgs. 47 and 48 E.,
I now resurvey as follows:

$N. 0^{\circ} 24' W.$ bet. secs. 31 and 36; on the W. bdy. of the
tp.

Over rolling volcanic mountains.

3.90 Ravine, course S.E. 10 ft. below top of corner. Ascend
rocky S. slope 185 ft. to
