

Chains

West on a retracement line bet. secs. 20 and 29,  
 40.00 for distance only. No original  $\frac{1}{4}$  sec. cor. after diligent  
 search.  
 40.06 Find no trace of the original  $\frac{1}{4}$  sec. cor. after diligent  
 and 30 after diligent search.  
 search.  
 80.12 Find no trace of the original cor. of secs. 19, 20, 29  
 and 30, after diligent search.

West on a retracement line between secs. 19 and 30,  
 for distance only.  
 40.00 Find no trace of the original  $\frac{1}{4}$  sec. cor. after diligent  
 search.  
 79.00 Find no trace of the original cor. of secs. 19, 24, 25  
 and 30, after diligent search.  
 80.40 After retracing the S. 3 miles on the W. bdy. of the Tp.  
 the original position for the corner was located at this  
 point.

Proportioning the three miles to the East, according  
 to the excess found and the original length of each mile  
 the following result is obtained:

Line bet. secs. 21 and 28, original dist. 80.18 chs;  
 new distance 80.65 chs.

Line bet. secs. 20 and 29, original distance 80.12 chs;  
 new distance 80.59 chs.

Line bet. secs. 19 and 30, original distance 79.00 chs;  
 new distance 79.46 chs.

The true point for the cor. of secs. 20, 21, 28 and 29  
 is therefore located at the intersection of a N. and S.  
 line passed through the point as proportioned from the  
 three latitudinal miles, and an E. and W. line passed  
 through the point as proportioned from the four longitud-  
 inal miles.
