

Retracement of Frac. N. Bdy. T.29 N., R.52 E.

11.

Chains

From the $\frac{1}{4}$ sec. cor.,

I retrace

West between secs. 5 and 32.

- 40.76 Find the cor. of secs. 5, 6, 31 and 32, falling 19 lks. S. of line. It is a hewn cedar stake, $2\frac{1}{2}$ ins. dia., $2\frac{1}{2}$ ft. long, marked with 5 and 1 notches on opposite edges, lying on the ground on an old mound of earth. Course of this $\frac{1}{2}$ mile is S.89°44'W.

From the cor. of secs. 5, 6, 31 and 32,

I retrace

West between secs. 6 and 31.

- 40.00 Search diligently but find no trace of $\frac{1}{4}$ sec. cor.
77.10 Find the cor. of Tps. 29 and 30 N., Rgs. 51 and 52 E., falling 61 lks. S. of the line. It is a volcanic stone 10x8 ins. by 8 ins. above ground, firmly set, marked with 6 notches on each of the N., S., E. and W. edges, and witnessed by pits and a mound of earth S. of cor. Course of this mile is S.89°33'W.

June 7, 1915.

June 8, 1915.

At the cor. of secs. 2, 3, 34 and 35, on the N. Bdy. of the township, at 8 h 0 m a.m., l.m.t., I set off 40° 25'N. on the lat. arc, 22°48'N. on the decl. arc, and determine a meridian with the solar.

The above corner was set by Maxson in 1901 and from it the temporary corner of secs. 2, 3, 34 and 35 on Deputy Palmer's line bears N.44°15'E., 6.12 chs. dist.

Deputy Maxson's corner above is a volcanic stone 16x10 x9 ins. marked with 4 and 2 notches on opposite edges, and lying on the ground in an old mound of stone.

Thence I retrace

East between secs. 2 and 35.

- 39.53 Find the $\frac{1}{4}$ sec. cor., falling 4 lks. N. of line, a volcanic rock of the size, marked and witnessed as described by the Surveyor General. Course of this $\frac{1}{2}$ mile is N.89°57'E.

From this $\frac{1}{4}$ sec. cor.,

I retrace

East between secs. 2 and 35.

- 39.74 Find the cor. of secs. 1, 2, 35 and 36, falling 11 lks. N. of line. A volcanic rock firmly set in the ground of the size, marked and witnessed as described by the Surveyor General. Course of this $\frac{1}{2}$ mile is N.89°50'E.

From the cor. of secs. 1, 2, 35 and 36,

I retrace

East between secs. 1 and 36.

- 39.25 Find the $\frac{1}{4}$ sec. cor., falling 4 lks. N. of line. A volcanic stone of the size, marked and witnessed as described by the Surveyor General. Course of this $\frac{1}{2}$ mile is N.89°57'E.

From the $\frac{1}{4}$ sec. cor.,

I retrace East.

- 40.36 Find the cor. of Tps. 29 and 30 N., R. 52 E., falling 31 lks. S. of line. It is a volcanic stone firmly set in the ground, of the size, marked and witnessed as described by the Surveyor General. Course of this $\frac{1}{2}$ mile is S.89°34'E.
