

Chains

- draw. Continue along edge of cliffs.
- 62.40 Cliffs extend to N. and descending to S. Descend over same, 180 ft. high.
- 67.10 Base of cliffs. Thence through dense aspen timber and dense undergrowth of willows and chaparral.
- 80.03 The cor. of secs. 5, 6, 7 and 8. 280 ft. above base of cliffs.
- Land, rough mountainous.
West half of mile, rich, moist, sandy loam with some gravel, several feet deep. Scattering rocks.
East half; very rocky with solid rock cliffs and slide rock. Rich loam soil among rocks. Some aspen timber.
Undergrowth of willow, chaparral, sage and service berry brush. Good growth of grass.
- July 26, 1915.
-
- July 28, 1915:
At 9 h 0 m, a.m., l.m.t., at the cor. of secs. 5, 6, 7 and 8, I set off $41^{\circ}02'N.$ on the lat. arc; $19^{\circ}09'N.$ on the decl. arc; and determine a meridian with the solar.
- Thence $N.0^{\circ}07'W.$ on a true line between secs. 5 and 6. Over rough, mountainous land, through dense small timber.
- 4.70 Leave aspen timber, bears E. and W.
- 29.10 Top of high, rocky ridge, 605 ft. above section corner, bears E. and W. Descend over steep, rocky N. slope, through scattering balsam timber. Some very large trees. Good saw timber.
- 40.00 Set a quartzite stone $25 \times 12 \times 5$ ins., 18 ins. in the ground for the $\frac{1}{4}$ sec. cor., mkd. $\frac{1}{4}$ on the W. face; from which:
- A balsam 15 ins. in dia. bears $N.57^{\circ}E.$, 89 lks. dist., mkd. $\frac{1}{4}S5BT.$
- A balsam 16 ins. in dia. bears $S.20^{\circ}45'W.$, 161 lks. dist., mkd. $\frac{1}{4}S6BT.$
- At this point, a rocky spur of ridge extends across canyon 7 chs. to W., forming a small depression. With but a little work, a good, large reservoir could be made at this place and an abundance of flood water obtained in the spring to fill it. A shallow pond now fills this depression.
- Descend very steep, rocky N. slope.
- 55.20 Bottom of canyon, 885 ft. below ridge, course $N.10^{\circ}E.$
- 60.20 Spur, 5 ft. above canyon, projects $N.30^{\circ}E.$
- Descend through dense aspen and scattering balsam and pine timber.
- 79.80 Creek, in bottom of Grey's Canyon, 5 lks. wide, 3 ins. deep, 440 ft. below spur, course NW.
- Dense willows along creek.
- 92.25 Intersect N. Bdy. of Tp., at a point 14.08 chs. $N.89^{\circ}35'W.$ from the cor. of secs. 31 and 32, T.37 N., R. 61 E., heretofore described.
- At point of intersection, set a granite stone $24 \times 6 \times 5$ ins., 18 ins. in the ground for the Closing Corner of secs. 5 and 6, marked CC on S., 5 notches on the E. and 1 notch on the W. face. From which
- An aspen 4 ins. in dia. bears $S.40^{\circ}30'E.$, 19 lks. dist., mkd. T36NR61ES5BT.
- An aspen 6 ins. in dia. bears $S.28^{\circ}30'W.$, 25 lks. dist., mkd. T36NR61ES6BT.
- Corner is 90 ft. above creek.
- Land, mountainous.
- South of ridge, soil is not so very rocky. Gravel and sandy loam with scattering boulders.
- North of ridge, very rocky. Cliffs, solid outcrops and huge boulders of granite. Rich loam soil among rocks. A few large fir trees on N. slope. Other timber, aspen and scrub pine. Undergrowth of willows, rose bushes, sage and service berry and chaparral. Good growth of grass.
