

Chains

July 31, 1915: Cloudy and cold, I therefore run a backsight line.
 N.89°59'W. on a random line bet. secs. 4 and 9.
 40.00 Set a temporary $\frac{1}{4}$ sec. cor.
 79.84 Intersect the N. and S. line, 14 lks. S. of the point for the cor. of secs. 4, 5, 8 and 9, and 96 lks. N. of the Witness Corner.
 Thence S.89°53'E. on a true line between secs. 4 and 9. Descend over steep, rocky E. slope of mountain.
 39.92 Set a granite stone 20x12x4 ins., 15 ins. in the ground for the $\frac{1}{4}$ sec. cor., mkd. $\frac{1}{4}$ on N. face, and raise a mound of stone 2 ft. base, $1\frac{1}{2}$ ft. high N. of cor.
 46.10 Outlet of Angel Lake, bears N.73°E.
 NE. cor. bears N.61°E.
 NW. cor. bears N.49°E.
 SW. cor. bears N.79°E.
 46.50 Top of cliffs, 150 ft. high, extending N. and S.
 49.40 Base of cliffs.
 66.00 Draw, course NE. to lake. 1760 ft. below sec. cor. Ascend 165 ft. through dense aspen and willows, and scattering balsams.
 79.84 The cor. of secs. 3, 4, 9 and 10.
 Land, rough and mountainous.
 Very little soil west of draw at 66.00 ch. point. Practically all solid rock and slide rock. Many cliffs. Mostly granite. East of draw, deep, moist, rich, black loam, but very rocky. Has aspen and balsam timber and dense undergrowth of willows. A little grass.
 Angel Lake in Sec. 4 covers about 15 acres. It is clear, spring water, very deep and cold. Good trout fishing. It is a favorite of the ranchers and people of the towns of Wells and Tobar. With a very little work this lake could be made into a large reservoir for the storage of early spring snow water.

July 31, 1915.

July 30, 1915:
 N.0°06'W. on a true line between secs. 3 and 4. Descend through dense aspen and willows, and scattering balsams.
 10.00 Creek, outlet of lake, 10 lks. wide, 2 ins. deep, 175 ft. below sec. cor., course E. No more balsams, but continue through dense aspen and willows.
 14.10 Leave aspen and willows. Ascend steep S. slope, thru very dense chaparral. Aspen and balsam east of line.
 40.00 Set a dacite stone 20x8x4 ins., 15 ins. in the ground, for the $\frac{1}{4}$ sec. cor., mkd. $\frac{1}{4}$ on the W. face, and raise a mound of stone 2 ft. base, $1\frac{1}{2}$ ft. high, W. of cor.
 Head of draw, 3 chs. E. Course of draw N.70°E.
 60.00 Top of ridge, 385 ft. above creek, bears N.70°E. and S.70°W.
 71.90 Enter dense aspen and willows, bear E. and W.
 82.75 Creek, 3 lks. wide, 3 ins. deep, 505 ft. below ridge, course N.80°E.
 87.75 Leave timber and brush, bear E. and W.
 92.26 Intersect N. Bdy. of Tp., 14.76 chs. S.89°51'W. of the cor. of secs. 33 and 34, T.37 N., R. 61 E. at a point 10 ft. above creek. At point of intersection, set a granite stone 20x12x5 ins., 15 ins. in the ground for the closing cor. of secs. 3 and 4, mkd. CC on S., and 3 notches on the E. and W. faces, and raise a mound of stone 2 ft. base, $1\frac{1}{2}$ ft. high, S. of cor. Land mountainous.
 Soil, rich, moist, black vegetable loam, a few inches deep on sand, gravel and stones. Many solid granite outcrops and some slide rock.
 Aspen and balsam timber. Undergrowth of willows and chaparral. Also some choke cherry.

July 30, 1915.
