

Resurvey of portion of west boundary T. 29N., R 40 E.

Chains Aug. 20, 1914: At 9h. 3m., a.m., l.m.t., I set off 40°25' N. on the latitude arc; 12° 36' N. on the decl. arc; and determine a meridian with the solar at the cor. of Tps. 29 & 30 N., R's. 39 & 40 E., heretofore described.

Thence I retrace,

South bet. secs. 1 & 6.

40.20 Intersect E. & W. line 29 lks. east of the old $\frac{1}{4}$ cor. of secs. 1 and 6, which is a quartzite stone 8-8-12 ins. above ground firmly set, mkd. and witnessed as described by the Surveyor General.

I continue my retracement south along same line, making diligent search at intervals of 40.00 chs. for the old cor. of secs. 1, 6, 7, & 12, the old $\frac{1}{4}$ cor. of secs. 7 & 12, which I am unable to find, and at,

160.62 Intersect E. & W. line 166 lks. east of the old cor. of secs. 7, 12, 13 & 18, which is a granite stone 8-10-14 ins. above ground, mkd. and witnessed as described by the Surveyor General. I build a cor. at the same points as follows;

Set an iron post 3 ft. long, 3 ins. diam., 12 ins. in the ground, with mound of stone 14 ins. high around the cor., for the cor. of secs. 7, 12, 13 & 18., with brass cap mkd.;

1914 ;

and raise a mound of stone 2 ft. base, 1 $\frac{1}{2}$ ft. high W. of cor.

Aug. 20, 1914.

Aug. 31, 1914: By previous retracement the bearing between the cor. of secs. 7, 12, 13 & 18, and the old $\frac{1}{4}$ cor. of secs. 1 & 6, is N. 12° 36' W.
