

## 8. Retracement of West Bdy. of T. 22 N., R. 48 E.

Chains

the old cor., as follows:

Set an iron post, 3 ft. long, 3 ins. in dia., for cor. of Ts. 22 and 23 N., Rs. 48 and 49 E., with brass cap marked:

and raised a mound of stone, 2 ft. base,  $1\frac{1}{2}$  ft. high, S. of cor.

Land, rolling, drains E.

Soil gravelly and stony, clay loam, 8 ins. deep; hard, gravelly, clay subsoil; bench slopes, stony and rocky, patches of loose and imbedded boulders on surface.

Washes, with coarse gravel and cobble stones in the bottom.

Undergrowth, sagebrush and good growth of bunch grass. No timber.

Oct. 15, 1915.

RETRACEMENT OF WEST BDY. OF T. 22 N., R. 48 E.

Nov. 20, 1915: At 9h. 00m a.m., l.m.t., I set off  $39^{\circ} 49'N.$  on the lat. arc;  $19^{\circ} 31'S.$  on the decl. arc; and determine a meridian with the solar at the cor. of Tps. 22 and 23 N., Rs. 47 and 48 E., which is a cedar post 2x2x30 ins., long, lying alongside a mound of stone, marked as described by the Surveyor General. This cor. was originally setting in the mound of stone.

Thence I retrace,

South bet. secs. 1 and 6.

40.00 Set a temporary  $\frac{1}{4}$  sec. cor., No traces of the old  $\frac{1}{4}$  cor. found at this point, which falls in the bottom of wash. I continue S. on the same line.

79.80 Intersect E. and W. line, 138 lks. E. of the old cor. of secs. 1, 6, 7 and 12, which is a quartzite stone, 10x10x8 ins. above ground, marked and witnessed as described by the Surveyor General.

The course of this mile is therefore  $S.0^{\circ}59'W.$

From the old cor. of secs. 1, 6, 7 and 12, I retrace South between secs. 7 and 12.

40.15 Intersect E. and W. line, 79 lks. E. of granite stone, 8x10x12 ins. above ground, set in a mound of stone, marked and witnessed as described by the Surveyor General.

I continue South on the same line.

80.00 Set a temporary point for the cor. of secs. 7, 12, 13 and 18. No traces of the old cor. found after careful search.

Nov. 20, 1915.

Nov. 21, 1915:

From the old  $\frac{1}{4}$  cor. of secs. 7 and 12, on the W. bdy. heretofore described, I run South on a random line, setting a temporary  $\frac{1}{4}$  and sec. cors. at intervals of 40.00 chs. and at 349.40 chs. intersect the N. bdy. of T. 21 N., R. 48 E., 8.35 chs., E. of the cor. of T. 21 N., Rs. 47 and 48 E., heretofore described. At the point of intersection, I build a corner as follows: Set an iron post, 3 ft. long, 3 ins. in dia., 12 ins. in the ground to solid rock and in a mound of stone,
