

Retracement of Oregon-Nevada State Boundary 231-238 Mile Posts.

Chains

field notes.

A rocky butte, bears S. 68° W.

A mountain peak, bears S. 66° E.

A Mountain peak, bears N. $0^{\circ} 30'$ E.

From the 235 mile post, I retrace,

S. $87^{\circ} 35'$ W. on the 236th. mile.

34.46

The 235 mile 34 ch. point on the Nevada-Oregon State boundary, which is a new cedar post, 3 ins. square, showing 18 ins. above ground, firmly set in a mound of earth, mkd. WC236 on E., O on N., and N. on S. sides. The post is witnessed by pits on the N., S., E., and W. I take bearings on distant buttes and mountains and find the same to be uniformly about 2° to the left of the recorded bearings given in the original field notes.

The portion of this mile bears S. $87^{\circ} 35'$ W. and the distance is 34.46 chs.

From the 235 mile 34 ch. point, above described, I retrace, West along the Nevada-Oregon state boundary.

151.29

Intersect a point on N. and S. line, 5.11 chs. N. of 237M 20 chs. monument, which is a granite stone, 12 X 12 X 30 ins., firmly set in a mound of stone, mkd. and witnessed as described by the field notes furnished by the surveyor general. The bearing of the line bet. the 235 M 34 chs. point and the 237 M 20 chs. point is S. $88^{\circ} 04'$ W. and the distance is 151.38 chains

From the 237 M 20 chs. monument on the Nevada-Oregon state boundary I retrace,
S. $88^{\circ} 00'$ W.

49.38

Intersect a point on N. and S. line, 169 lks. S. of the 238 mile monument, which is a granite stone, 8 X 12 X 24 ins., firmly set in a mound of stone, mkd. and witnessed as described in the field notes of the surveyor general. The bearing of the line bet. these two cors. is S. $89^{\circ} 58'$ W. and the distance is 49.35 chs.
