GENERAL DESCRIPTION.

The lands in this township are generally rolling in character. Sections 5,6,7,8,17 and 18 and parts of sections 19 and 20 are mountainous, parts of this area being rugged and often precipitous. Some arable land is found in secs. 13,14,15,22,23,24,25 and 36 contiguous to the main water course traversing these sections in a general southeasterly direction. Portions of secs. 14,15,22 and 23 settled by Ray Dory are the only cultivated areas in the entire township. He has about 55 acres under cultivation, all of which is subject to irrigation, and produces abundant crops
