

Chains

Rs. 24 and 25 E. have disappeared.

Set temp. point.

From temp. point for cor. of Tps. 38 and 39 N., Rs. 24 and 25 E.

Retraced East, bet. secs. 6 and 31.

38.14 After diligent search failed to find any trace of the original  $\frac{1}{4}$  sec. cor.

78.14 The record distance, from which the original cor. of secs. 5, 6, 31 and 32, on S. Bdy. of T. 39 N., R. 25 E., bears S.  $37^{\circ} 30'$  E., 4.78 chs. distance, and which I find to be a lava-stone, 14x10x8 ins. firmly set in a small mound of stone, marked with 6 grooves each toward the N. and S. edges of the upturned face; other markings not legible.

I now return to the temp. point for cor. of Tps. 38 and 39 N., Rs. 24 and 25 E. Thence

S.  $37^{\circ} 30'$  E. 2.42 chs. to the proportioned point for the SW. cor. of T. 39 N., R. 25 E. and at which point,

Set an iron post, 3 ft. long, 3 ins. dia., 24 ins. in the ground, for SW. cor. of T. 39 N., R. 25 E., with brass cap mkd.

	T39N
S1	R25E
	S31

T38N R24E  
1922

This cor. is further situated at base on E. side of a boulder 10x8x8 ft. also raise a mound of stone, 3 ft. base 2 ft. high, NE. of cor.

The true course of the S. Bdy. of sec. 31, T. 39 N., R. 25 E. is therefore N.  $88^{\circ} 39'$  W., and the length is 79.60 chs.

The true course of the W. Bdy. of sec. 31, T. 39 N., R. 25 E., is therefore N.  $1^{\circ} 02'$  W., and the length 81.93 chs.
