N 51° 15' W., 2.90 chs. To the meander cor. of frac1.

secs. 7 and 12, T. 8 N., Rs. 29 and 30 E., hereinbefore described.

Land, level.

Soil, sandy.

Timber, none.

Undergrowth, scattering sage.

METES-AND-BOUNDS SURVEYS IN T. 8 N., R. 30 E.

NOTE: All private claims in this township are non-conformable to the lines of the new subdivisions, therefore, metes-and-bounds surveys are made by retracement and subdivision of sections as delineated by lines connecting the old corners of the original survey. Reestablishment of missing corners, and the subdivisions of sections-necessary for the segregation of the Tracts-are executed in accordance with the provisions in chapters 3, 5, and 6 of the New Manual.

The Walker River Indian Reservation line as originally surveyed, from cor. No. 9 to meander post No. 4, was reestablished in accordance with the provisions of paragraph 380, chapter 5, of the New Manual.

Tract 44 is the only claim under cultivation, and there are no disputes in regard to the position of boundary lines.

TRACT 37.111.98 Acres

State Selection; Lots 1, 2 and 3, of sec. 3; Approved.
There are no improvements on this land.
