

Mineral Segregation Survey in T. 33 N., R. 37 E.

Retracement of the Boundaries of Section 21.

Chains

Beginning at the cor. of secs. 20, 21, 28 and 29, which is an iron post, 2 ins. in dia., properly marked, and set and witnessed as described in the notes of the resurvey of T. 33 N., R. 37 E., Group 119 Nevada, and thence,

East on retracement, bet. secs. 21 and 28.

40.00 No trace of the old $\frac{1}{4}$ sec. cor.

80.16 Fall 81 lks. north of the cor. of secs. 21, 22, 27 and 28, which is a small mound of stone. No evidence of the post or pits remain. True course and distance is: S 89°25' E, 80.16 chains.

Beginning at the cor. of secs. 21, 22, 27 and 28, described above, thence,

North, on retracement, bet. secs. 21 and 22.

39.92 Fall 16 lks. east of the old $\frac{1}{4}$ sec. cor., which is a decayed aspen stake, 20 ins. long, and 2 ins. in dia., surfaced on one side, lying in a small mound of earth. In the center of the mound I find the charred remains of the lower part of the stake.

True course and distance: N 0°14' W, 39.92 chains.

Offset to the $\frac{1}{4}$ sec. cor., and continue north on retracement, with new measurement.

40.26 Fall 08 lks. east of the old. corner of sections 15, 16, 21 and 22, which is an aspen stake, 30 ins. long and 2 ins. in dia., with squared faces and indistinct scribe marks showing on one face, on a mound of earth.

True course and distance: N 0°07' W, 40.26 chains.

Beginning at the corner of sections 15, 16, 21 and 22, described above, thence,

West, on retracement, bet. secs. 16 and 21.

40.05 Fall 08 lks. north of the original $\frac{1}{4}$ sec. cor., which is
