

METES AND BOUNDS SURVEY OF PRIVATE CLAIMS, T. 13 S., R. 71 E.

Chains

in this immediate vicinity were still in existence. This has been generally accepted as a property cor. by all land holders in this locality, its position being described as being 10 ins. S. and E. of the extreme SE. cor. of a concrete garage building situated on the N. side of the present U. S. Highway No. 91, within the present limits of Mesquite, Nev. (unincorporated), and is now marked by an iron post, 3 ft. long, 3 ins. diam., set flush with the ground, with brass cap mkd.

REF PT

1934

Fences and lines of culture are mutually accepted and agreed upon as delineating the outboundaries of the various tracts. These evidences of the original boundary lines are followed and cors. are established in harmony therewith. Where no lines of culture definitely mark the outboundaries, record courses and distances, normal to, and in harmony with existing control are used.

At the NE. cor. of the claim and the Arizona-Nevada State Bdy., determined from the accepted property cor. in the center of original sec. 16.

Set an iron post, 3 ft. long, 1 in. diam., 18 ins. in the ground over a cross (X) on solid rock for angle point 1/37, with brass cap mkd
