The survey of a portion of the E. and W. boundaries and subdivisions of T. 30 N., R. 26 E., M.D.M., Nevada was executed by J. Glenn Dyer from November 2 to 7, 1938. For description and test of instruments and method of measurements refer to the field notes of T. 29 N., R. 26 E., M.D.M. executed under this same group. The azimuth of all lines was determined by the method of deflection angles from the lines surveyed in T. 29 N., R. 26 E., M.D.M. and verified by frequent observations upon Polaris and the sun.

The survey of the remainder of the E. and W. boundaries and subdivisions of T. 30 N., R. 26 E., M.D.M. was executed by Quintin Campbell and G. Marvin Litz from October 27 to November 21, 1947. For description and test of instruments and method of measurements refer to the field notes of the Independent Resurvey of the Sixth Standard Parallel North through Rs. 26 and 27 E., executed under this same group. The lines surveyed in 1938 were extended and the azimuth verified by frequent observations upon Polaris.

East bdy. T. 30 N., R. 26 E., M.D.M.

Survey commenced at the cor. of Ts. 29 and 30 N., Rs. 26 and 27 E., monumented with an iron post, 3 ins. diam., set, mkd. and witnessed as described in the field notes of the survey of the E. bdy. of T. 29 N., R. 26 E., M.D.M., executed under this same group.

North bet. secs. 31 and 36.

Over nearly level land.

Point for the 4 sec. cor. of secs. 31 and 36. 40.00

> Set an iron post, 3 ft. long, 2 ins. diam., 30 ins. in the ground, with brass cap mkd.

deposit a quart of charcoal at the base of the iron post.

Point for the cor. of secs. 25, 30, 31 and 36. 80.00

> Set an iron post, 3 ft. long, 2 ins. diam., 29 ins. in the ground, with brass cap mkd.

deposit a guart of charcoal at the base of the iron post.

Land nearly level. Soil, sandy and gravelly; 3rd rate. Undergrowth, shadscale.

North, bet. secs. 25 and 30.

Over nearly level land.

40.00 Point for the 2 sec. cor. of secs. 25 and 30.
