Bureau an igneous stone, 8x4x2 ins. mkd. X, alongside the iron post.

Land, nearly level.

Soil, alkaline loam.

Vegetation, greasewood and sagebrush.

No timber.

N. 89° 41' W., bet. secs. 3 and 34.

Over nearly level land.

28.10 Unimproved road bears N. 70° E. and S. 70° W.

40.06 The $\frac{1}{4}$ sec. cor. of secs. 3 and 34, mkd. by a partially decayed wooden stake, 2 ins. sq. and 18 ins. long, set in ground and bearing discernible scribe marks.

At the corner point.

Set an iron post, 30 ins. long in ground $2\frac{1}{2}$ ins. diam., 24 ins. in the ground, with brass cap mkd.

$\frac{1}{4} \frac{S34}{S3}$
 1954

Bury an igneous stone, 7x3x2 ins. mkd. X, and reset the old wooden stake alongside the iron post.

General Description

The land covered in the foregoing resurvey is nearly level and is in the valley of Quinn River. The soil is a fine textured clay and loam, and is alkaline. There is no timber. Vegetation consists of grasses indigenous to the area and scattering salt sage and mesquite. It is believed that water may be obtained by the drilling of wells possibly no more than fifty feet deep.
