Land, nearly level meadow. Soil, clay loam; 2nd rate.

GENERAL DESCRIPTION

T.35N., R.62E., is located about 15 miles south of Wells, Nevada and the oiled highway from Wells to Ely, Nevada passes through the township from north to south near the center of the township. A graded road, known as the Clover Valley Road, from Wells, Nevada, passes through the east range of sections in the township to the west.

In general the west half of the township is hay meadow land, a part of the ranches, the homes of which are located in the east range of sections of the township to the west. From this land, an excellent crop of hay is cut each year, the area used for this purpose being limited only by the available supply of water from the
