

## SURVEY OF A PORTION OF THE SUBDIVISION OF T. 20 N., R. 34 E.

CHAINS

## GENERAL DESCRIPTION

The surveyed portion of Township 20 North, Range 34, East, is situated in Dixie Valley, about 33 miles east of Fallon, Nevada. Access to the area is provided by an improved gravel road traversing the township north to south, and a bladed dirt road traversing the area NNE. to SSW. There were no water sources nor mineral deposits noted. There are no settlers within the township. Soil consists of rocky alluvial deposits in the eastern and western portions ranging to sandy clay in the center. The vegetation consists of sagebrush, shadscale and very sparse native grasses. Grazing constitutes the principal use of the area. The north central portions, may be suitable for farming, when water is available. There is an earthen airstrip, situated in sections 2 and 3 near the north boundary of township.
