

DEPENDENT RESURVEY OF A PORTION OF THE SUBDIVISIONAL LINES,  
T. 34 N., R. 54 E.

CHAINS

GENERAL DESCRIPTION

The area included in this resurvey is located about 3 miles NW. of Elko, Nevada, in the foothills of the Adobe Mountain Range. Access is provided by Nevada State Highway No. 11, crossing section 12 in a northwesterly direction.

The terrain varies from rolling to broken hills with scattered vegetation, sagebrush being the most common. East Adobe Creek traverses the section in a southeasterly direction. Mary Larson Spring is located in the southwest portion of the section. Elevations range from about 5400 to 5700 ft. above sea level.

There are no residents in the section.
