Continue on line 3-4 of Treasure Hill No. 10.

22.73 The original cor. No. 4 of Treasure Hill No. 10, M. S. No. 4883, monumented with an iron pipe, 1 in. diam., firmly set, protruding 18 ins. above the ground, and in a mound of stone, 3 ft. base, to top, with brass cap mkd. as described in the official record of M. S. 4883.

## GENERAL DESCRIPTION

The lands included in the foregoing survey are situated about 18 miles northwesterly of the town of Tonopah, Nevada, in the San Antonio mining district, Nye County, Nevada. Access is by way of several unimproved dirt roads extending northeasterly from graded and gravelled State Route No. 89, at a point approximately 17 miles northwest of Tonopah.

The area drains westerly into the Big Smoky Valley. Elevations range from about 5,460 feet above sea level at the northwest township corner to about 6,580 feet above sea level on the top of a small peak on the north boundary of section 32.

The soil in the area is composed generally of sand and rock. The west portion of the area lies mainly in a
