

## T. 24 N., R. 24 E., MOUNT DIABLO MERIDIAN, NEVADA

## CHAINS

## GENERAL DESCRIPTION

The land surveyed within Township 24 North, Range 24 East, ranges from about 3820 to 5220 ft. above sea level, the southeast portion being mountainous while the northwest portion is located in the dry lake bed of Winnemucca Lake. The soil is of a sandy clay loam in the bottom land to very rocky in the higher elevations.

The lake bed at one time was fed with water from Pyramid Lake to the west; however, as the water table dropped in Pyramid Lake, Winnemucca Lake became dry.

Principal users of the area are cattlemen and access into the township is provided by numerous trail roads.
