		T. 10 N., R. 38 E., Mount Diablo Mer., Nevada W 1/16 C S 21 1976 Dry wash, 5 1ks. wide, drains S. 10° W. The ½ sec. cor. of secs. 20 and 21. From the center W. 1/16 sec. cor. of sec. 21. N. 0° 12' W., on the N. and S. center line of the NW½ of sec. 21. Over nearly level land, through moderate sagebrush. Point for the NW. 1/16 sec. cor. of sec. 21, at intersection with the E. and W. center line of the NW¾. Set an iron post, 28 ins. long, 2½ ins. diam., 22 ins. in the ground, with brass cap mkd. NW 1/16 S 21 1976 The W. 1/16 sec. cor. of secs. 16 and 21. From the center N. 1/16 sec. cor. of sec. 21. N. 88° 45' W., on the E. and W. center line of the NW¾ of sec. 21. Dry wash, 10 1ks. wide, drains S. 25° W. Ione Valley Wash, 60 1ks. wide, drains S. 20° W. The NW. 1/16 sec. cor. of sec. 21. The N. 1/16 sec. cor. of secs. 20 and 21. GENERAL DESCRIPTION The land encompassed in this survey is located approximately 16 miles south southeasterly of the small but lively mining town of Ione, Nevada. Access is by way of an unimproved dirt road extending southerly from State Highway 91, 15 miles east of Cabbs, Nevada. The area drains easterly and westerly into the Ione Valley Wash which in turn drains southerly through the western portion of section 21. The elevation is fairly constant throughout section 21, being 6,000 ft. above sea level. The soil is composed of sand and rock. The vegetation consists mainly of sagebrush and native grasses. At the time of the survey no mining explorations were in progress. The SE% of the NM¾ of section 21 is part of the Yomba Indian Reservation on which is located a windmill. Principal use of the area is cattle raising.
