"M. MILLER PLS 6636" ($\frac{1}{4}$ sec. cor. of secs. 13 and 24), as recorded in Nye County, Nevada, file no. 263038, bears N. $26^{\circ}28'$ W., 1.705 chs. dist. P.L.S. M. Miller reports finding a mound of stone at this position. During this survey no mkd. stone was recovered and the stones found were lying loose around the rebar. There were no signs of any of the stones being deeply embedded and no other characteristics were found which would indicate the stones being monumented by the original surveyors. It appears that this position was established by persons unknown at 40 chs. W. of the E. bdy. and is not accepted as the corner.</p>
