Wilderness Boundary changes direction to S. 25° W.</p> <p>Set a stainless steel post, 28 ins. long, 2 1/2 ins. diam. 14 ins. in the ground to bedrock, and in a mound of stone, 3 ft. base to top, with a brass cap mkd.</p> <p style="text-align: center;">WP T5N R57E S29 —— S32 2010</p> <p>Set 6 ft. aluminum post with Wilderness and Survey Monument sign attached W. of witness point.</p>
63.35	Top of E. bank, dry wash drains NW.
64.65	Toe of E. bank, dry wash.
80.000	<p>The cor. of secs. 29, 30, 31 and 32.</p> <p>Land, mountainous. Soil, stony, limestone 4th rate. Timber, cedar and pinon pine; undergrowth, grasses.</p>
GENERAL DESCRIPTION	
<p>This survey is located approximately 70 miles south from Ely, Nevada. Access is provided by driving South on highway 6 for 52 miles to the town of Currant, then continuing 10 mile to the turn off of a dirt road. The road intersects Railroad Valley Road. Turn south on Railroad Valley Road and travel 25 miles to Forest Road 410, turn left and go approximately 5 miles to the Quinn Canyon/Grant Canyon Wilderness. Homestead entry No. 61 is located in section 31.</p>	
<p>The elevation varies from 5500 to 7500 feet above sea level. The terrain varies from level to rolling, mountainous and broken. The vegetation consists of pinon pine, cedar, sagebrush and grasses. The soil is mostly rocky, consisting of limestone and quartz. Considered 4th rate. Drainage is to the Northwest.</p>	
<p>No mineral formations of consequence were noted during the survey.</p>
