General Description

Surface very mountainous & broken, Formation Granite, Timber
along most of the line, and very good, consisting of Nut-Pine
Cedar, and Mountain Mahogany. Good mountain grass
for grazing on the East Slope of the main Range of mountains
a few chains North of line and in the cañon that crosses the South
boundary of Sec. 34. There is an abundance of fine water, the road
which passes up said cañon leads from Grass Valley through an easy pass over
the mountains to the Valley East.
