

The diagram shows a vertical line with arrowheads at both ends, labeled "True Meridian". A horizontal line crosses it at its center. At the intersection, there is a circle divided into four quadrants by the lines. The top-right quadrant is shaded black. Below the diagram, the text reads: "Mean Magnetic Declination 15° 30' E."

This plat, in six sheets, represents the dependent resurvey of a portion of the south boundary of Township 14 North, Range 25 East; a portion of the subdivisional lines and portions of Mineral Survey Nos. 4499, 4531, and 4778, designed to restore the corners in their true original locations according to the best available evidence, and the subdivision of certain sections, Township 13 North, Range 25 East, Mount Diablo Meridian, Nevada.

Except as indicated hereon, the lottings and areas are as shown on the plats approved March 20, 1869 and November 28, 1922, the plat approved April 12, 1929 and accepted May 1, 1929 and the plat accepted June 25, 1973.

Survey executed by Don R. Aschenbach, Cadastral Surveyor,
beginning April 22, 2002, and completed November 30, 2004,
pursuant to Special Instructions dated March 28, 2002, for
Group No. 806, Nevada.

UNITED STATES DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

Reno, Nevada December 14, 2004

This plat is strictly conformable to the approved field notes, and the survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.

For the Director

David J. Cummings

Acting Chief Cadastral Surveyor, Nevada

T.13N., R.25E., M.D.M.
