True Meridian

Under the second section of the act of March 3, 1883, authorizing a charge to be made for plats or diagrams, the fees for the same are fixed as follows:
For a township diagram showing entered land only \$1.00
For a township plat showing form of entries, names of claimants, and character of entries 2.00
For a township plat showing form of entries, names of claimants, character of entry, and number 3.00
For a township plat showing form of entries, names of claimants, character of entry, number, and date of filing or entry, together with topography, etc 4.00
There is no legal authority for registers to charge or receive a fee of 25 cents for plats or diagrams of a section or a part of a section of a township.
NOTE.—Purchasers of township diagrams at a cost of one dollar each are entitled to definite information as to whether each and every smallest legal subdivision or lot is vacant public land. Registers are therefore required, in case of application for a township diagram showing vacant public land, to plainly check off with a cross, thus X, every lot or smallest legal subdivision within the township which is not vacant, leaving the vacant tracts unmarked. The character of the entries thus checked off need not be shown.
