

TOWNSHIP 19 SOUTH, RANGE 66 EAST, OF THE MOUNT DIABLO MERIDIAN, NEVADA

The south and east boundaries were surveyed by W. H. Myrick in 1882. The west boundary was surveyed concurrently under this same group by Craig P. Sylvester.

This plat represents the independent re-survey of the south and east boundaries superseding the surveys executed by W.H. Myrick and the survey of the north boundary of T. 19 S., R. 66 E., Mount Diablo Meridian, Nevada.

Survey executed by Craig P. Sylvester, December 15, 1958 to January 6, 1959 under special instructions dated June 5, 1958 for Group 373, Nevada.

Topography on this plat furnished by the U. S. Geological Survey. For additional topography along surveyed lines, reference is made to the field notes. Contour interval is 80 feet.

UNITED STATES DEPARTMENT OF THE INTERIOR
 BUREAU OF LAND MANAGEMENT
 Washington, D.C. September 27, 1961

This plat is strictly conformable to the approved field notes, and the survey, having been correctly executed in accordance with the requirements of law and the regulations of this Bureau, is hereby accepted.
